2015 HIGHLIGHTS

[A NEW ERA FOR PINPOINT COMMUNICATIONS](#)

Pinpoint joins the Altech Netstar Group

The management of Pinpoint Communication announced in March 2015 that Altech Netstar have acquired Pinpoint Communications Pty Ltd.

Netstar's acquisition of Pinpoint represents an opportunity for the two companies to bring together a combined 35 years of Telematics expertise to the Australian and regional market.

The management team at Pinpoint are very excited about having one of the world's largest Telematics companies supporting the Pinpoint brand. We see huge opportunities for our staff and customers and believe this will be the beginning of a new era for Pinpoint.

Netstar will bring a wealth of product and knowledge to the Australian Telematics market place. Combined with Pinpoints' reputation for reliable product and a well respected service record, we believe that Pinpoint's future is bright.

AUGUST 2015 – Mobile AVM LAUNCH

Available Now on the Apple Store and Google Play

Pinpoint Communications Mobile AVM enables you to track your vehicles location from your mobile device. The application is available for iPhone and Android devices.

This powerful mobile application further enhances the benefits of the Pinpoint AVM vehicle tracking system. Increase productivity by improved transparency of the location of your mobile assets and fleet. Reduce costs by improving operational efficiency with lower fuel and maintenance costs.

Mobile AVM is convenient, fast to run and easy to use. Click [Here](#) for more information on Pinpoints Mobile AVM application.

PINPOINT COMMUNICATIONS NEW vCAM SOLUTION

A fleet management tool which provides immediate and significant benefits.

Pinpoint's vCAM tells it like it is, **HOW** and **WHEN** it happened.

The vCAM is the ultimate fleet management tool which provides immediate and significant benefits by

reducing on road risk and expenses related to collisions, vehicle abuse and running cost such as fuel and maintenance. In addition, it provides valuable insight into driver behaviour and assists with effective driver coaching bringing an improved level of driver safety, efficiency and productivity.

Access to video footage puts fleet and risk managers at the scene of the incident, providing them with better visibility of what happened inside and outside the vehicle.

NEW TRK130 – LOW COST VEHICLE ASSET TRACKER

The latest addition to the Pinpoint TRK Series family.

The latest addition to the Pinpoint TRK Series family. The TRK130 is our smallest and lowest cost device yet.

This makes the TRK130 ideal for customers who want the standard tracking features available in the Pinpoint AVM System at a fraction of the cost of our fully featured TRKIVU devices.
